The Big Picture: How to Assess and Improve Community Health

INVEST IN YOUR COMMUNITY

4 Considerations to Improve Health & Well-Being *for All*

WHAT Know What Affects Health

WHERE Focus on Areas of Greatest Need

Your zip code can be more important than your genetic code. Profound health disparities exist depending on where you live.

WHO Collaborate with Others to Maximize Efforts

HOW Use a Balanced Portfolio of Interventions for Greatest Impact

- Action in one area may produce positive outcomes in another.
- Start by using interventions that work across all four action areas.
- Over time, increase investment in socioeconomic factors for the greatest impact on health and well-being for all.

Four ACTION Areas

2019 MAPP Structure

4 Priorities through the lens of **health equity**

2019 MAPP2 Health: What's New

**3 meetings per Locality
Council**

Meeting Schedule

- Meeting #1: Overview and Unnatural Causes/ Equity Discussion
- Meeting #2: Data Profile + Photovoice Project Selection
- Meeting #3: Photovoice Results, Strategy Selection

**Slightly different for Leadership Council*

2019 MAPP2 Health: What's New

- Data and Evaluation Committee

- Best Practices Work Group

2019 MAPP2 Health: What's New

- Photovoice Projects

- Funding for Localities

A diverse group of people, including men and women of various ethnicities, are gathered in a circle in a meeting room. They are all smiling and have their hands stacked on top of each other in the center of the circle, suggesting a team-building exercise or a moment of shared success. The room has large windows in the background, and a whiteboard with sticky notes is visible on the right.
